

CT320

CONCRETE SCARIFIER/PLANER

AN AGGRESSIVE 12 INCH FLOOR PLANER

The largest and most aggressive floor planer in Bartell Global's CONTEC line of scarifiers, made for the absolute toughest applications and floors. Precision aligned, heavy duty bearings ensure low maintenance and trouble free operation of the machine.

The CT320 is capable of cutting depths down to 1" (25mm). If deeper depths are necessary, this model can be ordered in the low chassis version (CTPCT320LC), enabling cutting depths of 1.5" (40mm).
