

HEAVY-DUTY DUAL HEAD CONCRETE GRINDER

FEATURES

- Twin head design
- 20" (500mm) working width
- Removeable ballast weights
- Push button hydraulic raise and lower facility
- Anti vibration handle bar mounts
- Dust free when used with SPE316 vacuum
- Screw type hand wheel allows machine to be set accurately to the surface
- Compatible with TMAG, SlideMAG, or standard 10" diamond plate tooling
- Multi purpose
- Thermal overload protection
- Maintenance free
- Low noise
- Low vibration
- Safety start mechanism

TECHNICAL SPECS

Motor Type	Electric
Voltage	460V
Power Output	2 x 7.4hp (5.5kW)
Cycles	60Hz
Head Speed	1400 rpm
Motor Speed	2800 rpm
Length	55" (140cm)
Width	28.5" (72cm)
Height	43" (110cm)
Weight	660 lbs (300kg)
Removable Weight	2 x 44 lbs (20kg)
