

MOST VERSATILE AND EFFECTIVE SURFACE PREPARATION SYSTEM AVAILABLE IN ITS CLASS

This shot blaster houses enormous power in a compact, low overall height unit that is extremely maneuverable. The result is incredible performance.

For steel blasting or coatings removal, there is the option of 2 x 21.5 kW (28.5 hp) motors! Utilizes two long-lasting blast wheels engineered with our unique 6-blade technology. Perfect for hard topping concrete floors, steel surfaces, coatings and more.

FEATURES

- Compact dimensions and small footprint allow for easy maneuverability
- High performance on steel and concrete
- Exclusive "Travel Mode" prevents damage to dust skirt during transportation, loading and unloading
- Easily transportable to your job site
- Long service life on consumables, reduces operation and consumable costs
- Simplified maintenance, designed to be user maintained
