

SPE20ES

ELECTRIC DRIVE SHOTBLASTER

A HEAVY-DUTY MACHINE DESIGNED SPECIFICALLY FOR PETROCHEMICAL ENVIRONMENTS

FEATURES

- Electrical safety certification available for petrochemical refinery use
- Manganese steel construction
- Blasting width can be adjusted for line removal and weld inspection
- Self-propelled and variable speed drive
- Grill fitted into hopper assembly to keep foreign objects from entering the blastwheel and causing damage
- Capable of using up to S780 abrasive
- Fully machined blastwheel support bearing assembly (eliminates bearing problems and automatically self-aligns blastwheel components)
- Can be dismantled to pass through a 24" (600mm) access hole in storage tanks
- Removes rubber deposits
- Steel preparation to SA3 standard
- Removal of old coatings
- Provides non-slip surfaces

TECHNICAL SPECS	SPE 20ES-2
Voltage	400-460V
Phase	3-Phase
Blast Motor Output	30hp (22.5kW)
Cycles	50Hz
Cleaning Width	20.5" (520mm)
Length	71" (1795mm)
Width	25" (637mm)
Height	63" (1600mm)
Weight	1852lbs (840kg)
