DUST EXTRACTOR

A PERFORMANCE DUST COLLECTOR FOR USE IN BOTH CONSTRUCTION AND INDUSTRIAL SETTINGS

Whether fine dust or rough material, the CONTEC® dust collectors impress with their high performance and multiple applications. This dust collector can be lowered for transport down to 130 cm. This makes it suitable for most vans.

FEATURES

- **Industrial plants** – to remove chips, dirt and dust
- **Construction industry** – connects to planers, grinders, saws, shotblasters and any machines requiring dust-free operation
- **Building contractors** – cleaning; removing sand and rough material; connect to large equipment and hand tools
- **Maintenance companies** – to remove litter e.g. on railways or organic material such as leaves
